

Fragment 3 – Corvens Notation Key (found on the Dusk Priest post-combat)

Found in a leather document sleeve on the Dusk Priest's body – or in a satchel in the tannery's back room – after the combat in Scene 3. The Dusk Faction has also been collecting the Fragments. They decoded the ritual diagram before the players did. Same size and format as Fragments 1 and 2 from Sessions 1-2.

Hand to players when they search the Priest or the tannery's documents.

[A single sheet in the same careful hand as Fragments 1 and 2. Header: "Notation Reference – Section III of III." At the bottom, underlined: "This completes the key. The rest is already written. You only needed to be able to read it."]

CORVEN PRIVATE NOTATION – FRAGMENT III OF III
Section III: Final Symbols (completes the notation system)

● = J ☆ = K ⊙ = Q ● = X ✧ = Z

[All three sections complete the full notation key]

⊙ ▼ ◻ ● ✧ + ▼ ● ◻ ⊙

[Fragments 1+2 decode: "E·ACT WILLING RELEASE: SUN RETURNS"]
[All three decode: "EXACT WILLING RELEASE: SUN RETURNS"]

PLAIN NOTE (Corven's hand):

"All ten at the focal point. The same moment.
The door opened from inside, willingly.
One unwilling or absent – the circuit closes
the other way. There is no third option."
